

Student Drop Off/Pick Up Procedure Reminder

Drop Off Procedure:

Please remember to stay in the car lane and **NOT** drop off your students in the lane that is parallel to the school. This backs the traffic up on CR31 and US 33. It also causes your students to open their car door and walk directly into the bus lane, which is unsafe. Please turn left down one of the two “drop off” lanes perpendicular to the school. (see diagram below)

Pick Up Procedure:

Please remember to stay in the car lane and pull up into the Parking for Pick Up Only lane to pick up your student. If there isn't a space open to park, please do a lap around the parking lot and come back up the Pick Up Only lane again. Please do **NOT** park in the lane to wait for your student. (see diagram above)
