Dear Parent/Guardian,

We have some exciting news to share with you! As the upcoming school year approaches, we are getting ready to open up Family Access to parents. This online portal will help you both monitor and participate in your child's education and communicate with teachers and support staff.

In Family Access, you will view your student's attendance, grades, upcoming assignments, and other important information. Your children will have their own accounts, where they will check grades, complete online assignments, and more.

To learn more about Family Access, be sure to check out the resources we've put together on our website under the "Parents" tab, the pencil icon on our homepage (shown below) or scan the QR code below on your mobile phone or tablet. Parents should receive login information via email for Family Access beginning the week of August 1st. If you have any questions, concerns or did not receive login information by the first day of school, please contact Student and Parent Support at 574-831-2188 or email at sapsupport@fairfield.k12.in.us.

Sincerely,

Cody Stewart
Director of Technology
Fairfield Community Schools
