A Note from the nurse: It's that time of year! Weather change illnesses are common and spreading. If your student complains of cold or flu-like symptoms before school, please be sure to check their temperature. Students with a temperature of 100.4 or higher should remain home until 24 hours fever free without the use of medication. **PLEASE DO NOT GIVE YOUR STUDENT TYLENOL/IBUPROFEN AND SEND THEM TO SCHOOL.** These medications temporarily bring down the fever but do not make the illness any less contagious. Thank you for your understanding and cooperation in helping keep our school safe and healthy!"

Christmas Program for grades 5 & 6. Mark your calendars for our first concert of the year! On December 6 at 6:00pm in the New Paris gym. Please have students to their class room at 5:40pm. Our theme this year is Cold Snap. Your students can wear something festive and a winter scarf. Please NO ripped jeans.

Parent Tip: Respect your children's mother or father. When children see their parents respecting each other, they are more likely to feel that they are also accepted and respected.
